Dear Police Commissioners Association of Connecticut:

I would like to thank everyone at the Police Commissioners Association of Connecticut for all their work and for making the Distinguished Chief's Dinner such a special night. It will certainly be one of the highlights of my career to have been recognized by your organization for the work done here in Stonington. I am also deeply honored that a scholarship in my name was established for a deserving college student. I continue to advocate for higher education in our profession and this scholarship is something very special. Thank you again for everything and making a special night for my family, friends, Police Commission, community members, and I.

Respectfully,

Chief J. Darren Stewart
